我們一起守護海洋

Coastal Cleanup Activity in East Coast National Scenic Area
Location: Sanxiantai, Jialulan Road, Xiaoyeliou, Green Island Shitiping-Shimen Shiti Bridge

In order to show visitor the influence of marine litter on coastal environment, we organize year-round coastal cleanup activity and environmental education activity. We hope everyone to do introspection on their daily habits, which can influence the marine ecology. Only if we start from ourselves, can we influence other people around us and protect our beautiful environment in East Coast.

(The activity is free, please sign up online.)
